Harlequin

Lights, Camera, Cascade! Looking for a durable, multipurpose performance surface for a stage or rehearsal space? Look no further than Harlequin Cascade, the ultimate heavy-duty dance and stage floor. Cascade provides deceptively good grip as well as a high-quality base for lighting, making it a favorite for both performers and production teams.

www.harlequinfloors.com

Live Design Group

The design concept for The Church at Brook Hills is centered on the philosophy that what happens inside and outside the walls of the church is infinitely more important than what the building "looks like." Twenty years after Phase One, the relationship between the church/client, contractor and architect remained strong, resulting in the original team reuniting to complete the third phase.
