

Each December, to round out another year, we give you our roundup of the hottest products and services that came across our desks from manufacturers and dealers in the church market.

This year's list spans an impressive amount of categories, including finance, A/V, transportation, furniture, software, construction, playgrounds, nursery, and signage. This year's issue should be your church's wish list going into the new year, as you continue to evaluate and select products to help you operate your worship facility more effectively and efficiently.

In every issue through the year, every single product or service we cover in the magazine is there because we think it's something that you will find useful, so we're excited about each and every one in all of our issues. Our sole mission is to help you make purchasing decisions, so we're all about products, all the time. This list reflects the "best of the best."

It is a great time to be a church leader, because the market is overflowing with options for great products and services for your church.

Here are some of the products and services that stood out to us this year.

### **ChurchBus**

ChurchBus.com is a Christian-owned company that offers a large inventory of 15-passenger (non-CDL) and 25 passenger buses that are ready for quick delivery. They also carry buses with special needs accessibility. Financing and "no money down" leasing programs are also available. They have a dedicated sales team that represents more than 50 years of pastoral experience and many years of bus experience. ChurchBus.com is a division of Midwest Transit Equipment.  
[www.ChurchBus.com](http://www.ChurchBus.com)

### **Mitsubishi's FL7000U**

Mitsubishi's FL7000U ultra bright 1080p HD projector for church installations is available at a cost remarkably lower than similar projectors of the same caliber. Blasting 5000 lumens with a 1000:1 contrast ratio, the projector uses three robust 1.1 inch 3LCD inorganic panels. This projector is ideal in sanctuaries, youth rooms, gymnasiums, and auditoriums that require full high definition (1920 x 1080 pixels) for HD video and presentations. It includes a DVI connector with an HDMI-to-DVI adapter for a wider range of HD connectivity options.

resource. Their ministry is to provide America's churches with a reliable resource for products defined by the best quality, value, and trust possible.

[www.churchplaza.com](http://www.churchplaza.com)

### **TLC Ministries**

TLC Ministries helps churches raise major funds for their building and renovation projects. They understand why people give, as well as what the Bible teaches about stewardship and sacrificial giving. Their Scriptural Funding Campaign utilizes the approach that best incorporates both of these concepts. TLC offers the booklet "When Your Church Needs to Build" for free. TLC also offers its optional Vision Defining Seminar for those churches who would like to seriously consider the impact they could have in their community if their mission and vision were clearly defined.

### **Church Chair's Pulpit Chair**

Church Chair's Pulpit Chair series has the plush comfort and quality that you have come to expect from Church Chair Industries. Each one of the elegant Pulpit Chairs feature handcrafted colonial styling in a solid oak frame and ornate handcrafted scrollwork, creating a distinctive visual appearance. The Pulpit Chairs are custom made in your choice of frame color and fabric. Their 99% recyclable chairs are shipped worldwide to all 50 US states and 49 countries. They offer more than 50 chair styles from which to choose.

[www.churchchair.com](http://www.churchchair.com)

### **Stewart Church Signs**

If you are looking for a way to expand your congregation and enhance the appearance of your worship facilities, look no further than Stewart Church Signs. Since 1968, they have been providing churches with quality signage and superior customer support. From electronic displays with graphics to changeable copy message centers, Stewart Church Signs is committed to giving you the best products available, backed by their signature lifetime warranty. They offer a variety of graffiti and vandal-resistant signs.

[www.stewartsigns.com](http://www.stewartsigns.com)

### **AG Financial's Foundation Capital Resources**

Foundation Capital Resources is a leading ministry resource for loans and mortgage-secured financing. Dedicated to funding ministries, their vision is to deliver financing solutions to empower churches and ministries in moving forward with their God-given vision. Their strong capital base allows them to offer competitive rates for a variety of loan types, including construction loans, renewals, and refinancing. Their success is distinguished by superior personal service provided by knowledgeable consultants located across the country. Foundation Capital Resources is a subsidiary of AG Financial.

### **The Next Step from CDH Partners**

Careful stewardship requires that we stay informed on matters with great financial consequences. For most churches, their greatest investment is in buildings, but building a church campus isn't an everyday activity for most of us. That is why as a pastor, administrator, lay leader, or church building committee member, this reference tool is so valuable. The Next Step offers useful insights and serves as a "how to" guide as you determine the next step for your church campus development.

[www.cdhpartners.com](http://www.cdhpartners.com)

### **Operable Partitions from Hufcor**

Operable partitions provide the flexibility to create several rooms from one space, easily and quickly. Hufcor, a leading manufacturer of operable partitions, offers a wide selection of models that control sound and allow you to configure your space as needed. More than 40 vinyl colors are included in the price of all operable partitions and accordion doors, or you can upgrade the finish with carpet or fabrics to further enhance or complement your décor.

[www.hufcor.com](http://www.hufcor.com)

### **PrintWrite from Microboards**

Microboards revolutionizes the disc publishing industry with the all-new PrintWrite. PrintWrite is designed to work with the complete line of Microboards Disc Publishers. PrintWrite makes printing and recording discs easy. An intuitive wizard, dashboard-style preview, and even advanced user features like the ability to drag and drop saved jobs on to the publisher make PrintWrite intuitive, powerful disc publishing software.

[www.microboards.com](http://www.microboards.com)

### **Prestige Glass**

Prestige Glass is a premier manufacturer of unique church furnishings, providing the very finest in glass pulpits, lecterns, tables, and accessory items for churches throughout North America and overseas. They are proud to offer a highly competitive product expertly manufactured in their own facility. With a wide selection of pulpit models, sizes, and top and trim options available, they can satisfy almost any need. They also offer custom furniture design and manufacturing.

### **Tectum III Acoustical Roof Deck**

Environmentally friendly Tectum Acoustical Roof Decks and Wall and Ceiling Panels provide unmatched noise reduction in the challenging environments of worship facilities. The Tectum III Roof Deck panel is a composite of Tectum substrate, Dow Styrofoam brand XPS (extruded polystyrene) insulation and OSB (oriented strand board) sheathing with a slip-resistant surface. Tectum III Roof Deck is part of a roofing system that delivers up to an R-43.

[www.tectum.com](http://www.tectum.com)

### **Primera Bravo SE Disc Publisher**

Primera Technology is a leading developer and manufacturer of CD/DVD duplication and printing equipment. The Bravo SE Disc Publisher is an affordable, automated CD/DVD/BD duplication and printing system for both Mac and PC users. Bravo SE copies and prints up to 20 discs per job hands-free. A 4800 dpi printer prints full-color, photo-quality images directly onto the surface of the disc. Many churches are using products like Bravo SE to archive and distribute sermons, mission trip videos, holiday pageants, ministry, and much more.

[www.primera.com](http://www.primera.com)

### **StageRight**

StageRight has been partnering with worship facilities for more than 25 years to bring functional and elegant solutions to your worship spaces. They begin from the design phase to work with your staff to consult and understand the diverse needs of your growing fellowship. They offer services in installation and product training to maximize the investment for the facility. Their products offer the ability to grow with your congregation to meet both the short-term and long-term goals. Built-in flexibility allows the drama and music ministries to stage any type of service with confidence.

[www.stageright.com](http://www.stageright.com)

### **ResourceMate from Jaywil Software**

ResourceMate is a library resource automation software program designed for maintaining collection data, including books, periodicals, videos, CDs, DVDs, or you can create your own resource types. The program provides full cataloging, searching and circulating features and starts at \$195. Many church leaders have discovered that Jaywil Software is serious about its commitment to offering the most features at the best price for the small to medium library. Why not find out for yourself?

### **Lunera 2200 LED Luminaries from Candela Controls**

Candela Controls is pleased to present the 2x2 Lunera 2200 – an LED alternative to 2x4 fluorescent fixtures. Available in a variety of color temperatures, these solid state fixtures are designed for drop ceiling, surface, and suspended applications. The Lunera is line voltage dimmable and driven with a 68W power supply. It is ultra thin for low/zero plenum applications. It features a non-electrolytic, 85-277V multi-voltage 50/60 Hz power supply. It provides HVAC savings in comparison to fluorescent fixtures.

[www.candelacontrols.com](http://www.candelacontrols.com)

### **MediaShout 3.5**

MediaShout 3.5 is a complete media-for-ministry presentation software. Going beyond basic functionality, MediaShout additionally provides 50+ versions of the Bible and rich text editing functionality, not to mention comprehensive lyric presentation with multiple background capability and CCLI SongSelect integration. In addition, MediaShout provides playback of most any digital media, including audio files, images, video clips, DVD, live feed, Web sites, and native PowerPoint files. Scripted in advance or on-the-fly, MediaShout provides the backbone to make it happen. Look for a new version in 2009.

[www.mediashout.com](http://www.mediashout.com)

### **CAPTURE Front Projection Screens from AccelerOptics**

AccelerOptics LLC, a division of H.E. Williams, Inc., manufactures CAPTURE Front Projection Screens featuring Optical Brilliance Technology. CAPTURE is a multi-patented high-resolution micro-structured screen surface that delivers spectacular imagery with unparalleled brightness and contrast. CAPTURE not only cures the traditional screen concerns of ambient light but overcomes the physical weight and pricing issues of large electronic devices. Available in two sizes, the 100-inch and 200-inch, these models are sold in 16:9 aspect ratios but can be custom sized. [www.acceleroptics.com](http://www.acceleroptics.com)

### **E-zekiel**

Every day, thousands of churches and ministries use E-zekiel's online tools to build, edit and grow their Web presence and communicate online. Easy-to-learn tools, along with professional designs, allow anyone in the church to maintain a professional Web presence including Web pages, online calendars, blogs, photo albums, e-commerce and online groups — without knowing code or being a Web designer. E-zekiel plans include everything needed to get started and grow your Web presence.

[www.e-zekiel.com](http://www.e-zekiel.com)

### **PhoneTree**

PhoneTree provides church communication that works. It was developed in and for the church. PhoneTree's rich feature set is a leading congregational messaging system in churches today,

### **Lifetime Tables**

Lifetime's patented technology gives you the assurance that every table and chair is safe and built strong enough to live up to their name. Lifetime Tables provide a place to celebrate, a place to reflect, and a place to plan your next great activity. Whether it's a church dinner, the annual membership drive, or an afternoon scout meeting, Lifetime tables are as much a part of your church's activities as you are. Their products are simple to own, ready to use, and easy to maintain.

[www.lifetime.com](http://www.lifetime.com)

### **Paging Solutions from SEEKER Communication**

Improve safety and security on your church campus. Provide parents of infants the assurance that if their child needed them, the workers can reach them immediately with the Parent SEEKER Solution. Church security and medical teams can be notified of an emergency by touching a single button with the new SEEKER TouchPage Solution. The experience gained from the 4,000 churches using the SEEKER paging solutions gives them the knowledge needed to help your church with its on-campus communication concerns.

[www.seekercommunication.com](http://www.seekercommunication.com)

### **WorshipPlanning.com 3.5**

Organize, schedule, and communicate...all online. Are you ready for the next generation of online worship planning? WorshipPlanning.com 3.5 has a new look and innovative features, some of which you asked them for, and some they just knew you'd want. Securely create, update, and communicate the worship service plans. Schedule and confirm volunteers. Upload, store, and search your song data (files, lyrics, themes, etc.). Read and post to message board discussions. Design your stage arrangement with the Virtual Stage tool.

[www.WorshipPlanning.com](http://www.WorshipPlanning.com)

### **Eartec's MC-1000**

The Eartec Company has manufactured headset communication systems since 1961. When your job calls for split-second coordination, look to the Eartec MC-1000 UHF Wireless System for your communications solution. With a range of up to one mile, and an unlimited amount of users available, the MC-1000 UHF can handle even the most rigorous of recreation environments. Couple the MC radio with Eartec's comfortable lightweight Monarch headset to enjoy the quality and comfort of an Eartec system.

### **Maranatha Custom Churches**

Maranatha helps bring your dreams and visions to life. Save money on design and construction and build now. Easily expand from 250 to 1,000 or 500 to 2,000. Save 50 to 60% on heating and cooling. Save on insurance and construction. Seat 250 in seven rows. Seat 450 in nine rows or 1,000 in 14 rows. They strive for excellence in lighting and acoustics. Save on state-of-the-art sound and video systems. They understand churches and can advise on finances. They offer a free information packet with hundreds of designs.

[www.buildingbyfaith.com](http://www.buildingbyfaith.com)

### **QuadraPyramid from Acoustics First**

Acoustics First received a patent in 2008 for its QuadraPyramid diffuser. This new diffuser design has recently found use in several churches to retain, or restore, life in the sound of singing while preserving clarity in the spoken word. In addition, Acoustics First manufactures and distributes a full range of acoustical materials, including sound absorbers, diffusers, noise barriers, and vibration control products. Brand names include Cutting Wedge foam, Sonora panels, Cloudscape ceilings, BlockAid vinyl barrier, The Art Diffuser binary arrays, and Sound Channels acoustical wall covering. [www.acousticsfirst.com](http://www.acousticsfirst.com)

### **Vutec's Retracta-Vu Pro**

Vutec's Retracta-Vu Pro, the popular patented motorized rising-arm screen, rises and retracts by remote control. Featuring Vu-Flex Pro, Vutec's finest heavy-duty internally tensioned fabric, this screen is adaptable to any room's infrastructure. It can be cabinet mounted or recessed in floor. Available in sizes from 84" to 300" diagonal, Retracta-Vu Pro is available in 4:3, 16:9 and 2.35:1 formats. It interfaces with all low-voltage relays and IR and RF remote controls. Vutec includes design consultation and drawings.

[www.Vutec.com](http://www.Vutec.com)

### **Carpenter Bus**

Carpenter Bus has been going the extra mile since 1953. Selling buses is more than a business to them; it's a relationship. They want to ensure that you have the most informed and worry-free bus buying experience possible. More than 100 new and used buses in stock means that you will get the bus that's right for you in a timely fashion. They represent multiple manufacturers, including Starcraft, Glaval, Turtle Top, Collins, Mid-Bus, and Mobility Works.

### **The Auditorium Chair by McCourt Manufacturing**

The Auditorium Chair by McCourt Manufacturing stacks for easy storage and gangs together for seamless seating. It features a 20-inch-wide seat with lumbar back support. Stock upholstery colors include Burgundy, Navy Blue, Concord Grape, Forest Green, Beige, and Charcoal Gray. The frames are 18 gauge 1" steel square tubing with powder coated silvervein finish for extreme commercial use. This chair is load tested to more than 1,500 pounds and comes with a five-year warranty.

[www.mccourtmg.com](http://www.mccourtmg.com)

### **Private Page System from Command Communications**

The Affordable "On-Premise Paging System" gives you all the benefits of an on-premise paging system with no monthly service fees or licensing. It supports up to 1,000 pagers and delivers 5 full watts of transmitting power for a range of up to two miles (range may vary depending on conditions). It works with standard 120V or with optional car-lighter adapter for mobile operations. It transmits at 27 MHz. Vibrating/tone pagers feature a bright, numeric LED display for coded messages numbered 0-9. You can broadcast to one, a group, or all pagers at once.

### **AlphaSorb Acoustical Wall Panels from Acoustical Solutions**

Acoustical wall panels, available in more than 300 fabric finishes, increase sound quality by reducing flutter echoes that make it difficult for the message to be clearly delivered in a church. AlphaSorb fabric-wrapped acoustical wall panels can be custom designed to enhance the visual appeal of sanctuaries and multipurpose rooms by matching existing design elements such as window and fabric finishes, as well as creating custom designed functional wall "art." All AlphaSorb fabric wrapped wall panels are Class 1 fire-rated and offers various edge details as well as installation options.

## **MBCI**

MBCI is an industry-leading manufacturer of metal roof and wall systems, including six separate standing seam roofing systems. At the First Baptist Church in Boynton Beach, Florida (pictured), MBCI's SuperLok SSR system offered the security it was requiring when adding to its existing campus. SuperLok meets the tough building codes in Florida and offers some of the highest wind load capabilities in the industry. Combining these attributes with the life cycle cost of the system, SuperLok was an affordable and aesthetically pleasing roof for the church.
